

## Role Description - Ordinary Member

There are three Ordinary Members of council, who serve two year terms, and their role is very flexible. They attend a minimum of two council meetings per year, and provide input into the decisions being made, and help advise on new projects and how to grow PalSoc and meet its charitable aims.

Ordinary members often volunteer to assist, or even lead projects being undertaken by PalSoc, and this can be anything from organising events, helping create online content for our website, or supporting other council members with their roles as appropriate.

Many council members start their time on council as Ordinary members, it's an exciting and flexible role that provides a lot of scope for input and creativity!
